

Evidence of friction in the Constitutional ranks, attributed to the Huerta delegates to make known the anxiety to have the conferences continued at all costs, hoping the United States might be persuaded to accept a neutral, who would be accorded recognition and therewith moral support to crush Carranza and Villa.

The American delegates are waiting for Washington to digest the report given them of the conference with Carranza and Villa. Carranza in Buffalo yesterday, which showed the United States could not hope for cooperation from the Constitutionalists in endeavoring to settle the Mexican problem by diplomacy.

WATCHING SITUATION

WITH KEEN INTEREST

It was many quarters looking for a withdrawal of the wholehearted support the United States has given the Constitutionalists would come to surprise here. The mediators are watching the situation in the North with keen interest.

Thus far the American and Huerta delegates have been in complete disagreement on names for the proposed mediation. If the deadlock is broken when the next formal conference is held Friday, the three Southern American diplomats, it is understood, will be chosen. The mediators are watching the situation in the North with keen interest.

EXPECT MANY STUDENTS TO ENTER ENCAMPMENT

Virginia Institutions Will Supply Portion of Those at Instruction School.

WILL GET MILITARY TRAINING

Colonel Cohen, of Asheville, N. C., Here, and Tells of Plans for Season, Which Starts Next Month in "Land of the Sky."

Many students from the University of Virginia, Virginia Military Institute and other institutions of this State will soon enter the Students' Instruction Camp, recently established at Asheville, N. C., by the United States government according to Colonel Samuel Cohen, manager of the Greater Western North Carolina Association, who was here yesterday to invite the Southern Retail Furniture Dealers' Association to hold its next convention in "The Land of the Sky."

Colonel Cohen spoke enthusiastically of the camp, and declared its location, at the foot of Sunset Mountain, Asheville, N. C., was selected by the Secretary of War with especial regard to healthful climate, pure water supply, excellent topographical conditions and pleasing social environment.

The real purpose of the location of the camp by the United States government is contained in a bulletin issued by the Secretary of War, dated October 17, 1913, which follows, in part:

MILITARY TRAINING

"The object of the camp is, therefore, to give the young men of the country who are desirous of accepting the opportunity of a short course in military training in order that they may be better fitted to attend to military duty to their country should it ever stand in need of their services."

The time selected for these camps—summer vacation periods—is intended to enable college men to attend with the least inconvenience and greatest instructional advantage to themselves.

Only those will be allowed to attend who are students in good standing in a first-class university, college, or in the graduating class of high or preparatory schools; recent university graduates, and those who have received a satisfactory official War Department certificate of attendance at a previous student camp.

Those who enter the camp will be required to pay their traveling expenses to and from the place, and their maintenance during the stay. Assistance after arrival will be provided at a moderate rate. Infantry, cavalry, artillery and engineers will be in attendance from July 6 to August 7.

Captain R. O. Van Horn, general staff, United States Army, Washington, is in charge of the government instruction camps.

Ask for Withdrawal of Consul.

San Domingo, Dominican Republic, June 17.—The Dominican government to-day asked the United States government to request the immediate withdrawal of the American consul from the grounds that he had sided with the revolution.

SCOUTS AS PALLBEARERS AT COMPANION'S FUNERAL

Services for Alvin Floyd Hite will be held this afternoon at 4 o'clock at the funeral home of J. H. Hite.

Boy Scouts will act as pallbearers at the funeral of Alvin Floyd Hite, six-year-old son of J. H. Hite, who died Tuesday afternoon by drowning. The funeral will be held at 5 o'clock this afternoon at the funeral home of J. H. Hite.

The accident in which Hite was drowned occurred near Dumbarton, where, with a party of scouts, he was boating. The boy was drowned, and Hite ventured beyond, and disappeared from sight. His body was recovered and buried.

Hite was a member of the Tabernacle Baptist Church, and the funeral will be held from among his friends in the organization. The funeral will be preached by Rev. W. H. Lockhart, pastor of the church.

The drowned youth was the son of Mr. and Mrs. John D. Hite, of 1309 Floyd Avenue. He was extremely popular among boys, and a large number are expected to attend the funeral services.

Out of respect for the tragic death of Hite, the Tabernacle Baptist Sunday school has indefinitely postponed its annual picnic, which was to have been held to-day at the Forest Hill Park. The picnic was a member of the club, and was an active Sunday school worker.

VILLA WINS POINT; IS GIVEN SUPREME COMMAND OF ARMY

FAIL TO DENY REPORTS OF STRAINED RELATIONS

El Paso, Tex., June 17.—General Venustiano Carranza and General Francisco Villa to-night failed to deny that their relations had reached a breaking point. Neither did agents of the Constitutional leader or of his field commander attempt to give reason for the existing estrangement by Villa supporters of all Carranza appointees in the offices at Juarez.

A statement issued early to-day by a Villa agent here said Villa had authorized the agent to issue a general denial of the reported estrangement. The statement was found later to have been made without authority.

Followers of both Villa and Carranza were unable to-day to get an official statement from Carranza, where Carranza has established himself or from Torreon, where Villa evidently remained.

Employees of the Juarez customhouse and telegraph office were sent South to-day on a special train. They were reported as having been placed by Villa's officers in the State penitentiary at Chihuahua.

However, according to Roberto Pesqueira, Carranza's confidential agent here, Carranza's headquarters. This report was received by agents of both factions as a strategic action by the Villa agent, who was not denied from any source that Villa's soldiers had taken over the entire fabric of civil government that heretofore was manipulated by Carranza's cabinet officers.

In addition to the disappearance of Carranza's cabinet officers, Carranza's army, 10,000 men in Constitutional uniform, is missing. It was said to-night. The money is said to have been confiscated by Villa and taken to Chihuahua.

Closing of the telegraph office prevented news arriving from the South. Those in official touch with the situation asserted that all Carranza men had been thrust out of office throughout Chihuahua and Western Coahuila.

Lazaro de la Garza, Villa's commercial agent at Juarez, to-day issued an invitation for the Spaniards of the La Guana district to return to their homes. They had been forced to leave Juarez by Villa's order. Just after the taking of Torreon, de la Garza's statement said.

"The order from General Villa expelling the Spaniards from Torreon was made necessary in view of the profound hostile sentiment against them among the people. Now the conditions are normal in that region, and the Spaniards may return to their labors with full guarantees."

SIXTY PENSION EMPLOYEES ARE DROPPED FROM ROLLS

Many Reductions to Be Made—Lack of Appropriation Is Given as Reason.

Washington, June 17.—Sixty employees of the pension office were dropped from the rolls late yesterday afternoon, and according to information obtained here to-day, it is the intention of Commissioner Saltzberger to reduce in salary about 100 other employees. It was stated at the pension office that the dismissals are not characterized in the letters that were sent to employees yesterday afternoon as "discharges." They are, instead, informed that they are "dropped for want of appropriation, immediately after June 30, and those who are dropped have been informed that they may now take their annual leave, up to June 30, if they so desire."

Letters have not yet been sent to 150 employees who are to be reduced in salary. These letters are to go out in a day or two, and the reductions are also to go into effect June 30.

The changes affect many of the oldest and most valuable workers in the Pension Office, and have been in contemplation for some time. Commissioner Saltzberger did not care to make public to-day a list of those who are dropped or who will be reduced in salary. To a reporter who called on him to inquire about the changes he sent word that he was occupied for the moment, and that he deputized T. F. Dennis, his law clerk.

"These changes become necessary," Mr. Dennis said, "because the legislative, executive and judicial appropriation bill, which takes care of the Pension Office, and which is now practically completed in Congress, reduces the Pension Office force by 145 employees, to take effect June 30, and affecting employees in all grades, from the \$500 to the \$2,000 class."

"The lists were made out," Mr. Dennis continued, "showing who it would be necessary to drop, some time ago, and notices were sent out yesterday. Under the bill Congress drops ten employees in the \$2,000 class, ten in the \$1,800 class and so on."

DESPERATE EFFORTS TO PATCH UP TROUBLE

but that they would continue to operate independently against Huerta, the common enemy.

"Come with us or remain away, as you choose," was said to be the purport of the message.

It was reported in Saltillo that in following out his plan, two brigades already have left Torreon for Saltillo to operate under Villa, who was expected to leave on Wednesday.

NEW TYPE OF MONEY SOON WILL BE ISSUED

paper money uniform. At present different portraits appear on different sorts of paper money of the same denomination. It is likely that the portraits selected for use on the Federal reserve notes will also be used on other bank notes, gold certificates, silver certificates and Federal reserve notes of \$5 denomination will probably bear Lincoln's portrait, and so on through the series up to \$100.

REDEMPTION FUND TO BE KEPT UP IN TREASURY

Of the 40 per cent gold reserve banks maintain against their outstanding Federal reserve notes at least 5 per cent will be kept in the United States Treasury for the redemption of such notes. It is provided under the new law that when one Federal reserve bank receives Federal reserve bank notes issued by another Federal bank it must return them immediately to the issuing bank, and a heavy penalty is provided for failure to do so.

Comptroller of the Treasury Downey to-day declared that the Federal Reserve Board, after it comes into existence, immediately must levy an assessment on member banks to defray the salaries of board members and employees.

THE JAPANESE AMBASSADOR, Baron Chinda, had a long conference with Secretary Bryan late this afternoon, but no official statement was made as to the purpose of the meeting. It is understood that the baron is carrying out his instructions, and is preparing the department for a statement of some kind, which can be utilized by the new Prime Minister, Baron Kato, when he is asked by the opposition in Parliament for a statement of the issue between the United States and Japan.

ADDRESSES U. OF P. GRADUATES.

Philadelphia, June 17.—A message from France was to-day delivered to the graduating class at the 15th commencement of the University of Pennsylvania by the French ambassador, who was the orator of the day. He told what France has done in the field of education, declaring that she has ever displayed a longing to learn and an aptitude to teach.

Mr. Jusserand spoke of care in study and the importance of measure in the relative value of things. He warned the graduating class that "exaggeration, lack of proportion, frivolous talk, poring, sensationalism are a poison."

"Make it a rule," he said, "never to use a big word for a meagre occasion; when there is a big occasion you will not know what to say."

MAY AGREE TO JAPANESE DEMAND FOR ARBITRATION

Secretary Bryan Will Not Deny That His Department Is Being Pressed for State Arbitration

[Special to The Times-Dispatch.] Washington, June 17.—Senators who fought against the repeal of the toll exemption bill are now alarmed by the suggestion that this government may agree to the Japanese demand that the alien land law controversy in California shall be submitted to the Hague Tribunal for arbitration.

Secretary Bryan was at the Capitol to-day talking with several Senators on treaty and other State Department matters, and when he came back to the State Department, his attitude clearly demonstrated that he had learned the hostile attitude of the Senate towards arbitration with Japan.

Secretary Bryan did not categorically deny that Japan might suggest again the settlement of the land question by arbitration at The Hague. This was one of the methods of settlement which was before the State Department, during the term of Baron Kurino, then Japanese Minister of Foreign Affairs. That diplomat could not make the proposition acceptable to the Emperor, and Secretary Bryan could not make any agreement with it in the Senate, either at that time or since.

The Japanese ambassador, Baron Chinda, had a long conference with Secretary Bryan late this afternoon, but no official statement was made as to the purpose of the meeting. It is understood that the baron is carrying out his instructions, and is preparing the department for a statement of some kind, which can be utilized by the new Prime Minister, Baron Kato, when he is asked by the opposition in Parliament for a statement of the issue between the United States and Japan.
